
Coupa Introduction: Indirect Suppliers

What is Coupa?

Coupa is a cloud-based, e-procurement platform that will facilitate our source-to-pay processes going forward. Coupa will provide one, unified platform for **sourcing, purchase orders & invoicing**.

Why Coupa and What's In It for Me?

Single point of access to view purchase orders, submit invoices, and responding to sourcing events

Faster invoice processing with e-invoicing

Provide Sealed Air easy access to goods/services through catalogs

* For specific suppliers *

Free self-service environment puts tools in your hands

Next Steps

- Links to join the Coupa Supplier Portal (CSP) will be provided to vendors once the Sealed Air production environment is live. Expected timeline is late January 2020.
